

## Banner Advertising

We are regularly asked about our banner advertising programme so we thought we should create a page to let you know all about it.

Our site is divided into two main categories - public access and therapist only access. The banner adverts will be displayed on all pages. We currently use random selection for placing the banners but we may consider investing in a more advanced system if demand becomes excessive.

For just £15 per month we will add your banner into our revolving database. If you pay for 12 months in advance then you only pay for 10 months - £150 - getting months 11 and 12 FREE.

All banners must be sized to 468 pixels wide by 60 pixels high. You can use the following formats - jpg, jpeg, gif, animated gif. The file size must not exceed 150kb.

For further information or to request inclusion then please send an email to [dennis.mccarthy@quitwithease.co.uk](mailto:dennis.mccarthy@quitwithease.co.uk) and we will contact you to discuss your needs.

Many thanks

Dennis
